

This bachelor's work called Benefit as one of the possibilities of financing NNO is aimed on summarizing the possibilities of financing non-state non-profit organizations. It looks in more details at a benefit as one of these possibilities. Single chapters response to sub aims of the work. The first chapter defines the term NNO, in the second chapter I focus on summarizing the possible ways of financing NNO. The third chapter Fundraising and public relations is a practical manual for raising financial resources. The forth chapter introduces services of an open youth club (lowthreshold facility) YMCA Praha o.s. and describes financing of this organisation. The main fifth chapter describes my own experience from organizing a benefit for the services of an open youth club YMCA Praha o.s. and links it with stated theoretical knowledge.
